

Magical Moments

Magical Moments is a unique annual fundraising event planned and presented by talented high school students from across the Treasure Valley benefiting Big Brothers Big Sisters of Southwest Idaho. The event provides guests an extraordinary opportunity to experience "magical moments" while raising funds for vital mentoring programs. It is literally kids helping kids.

Each year the event has a different theme that highlights the personal experience and emotion of simple "magical moments" between adults and children – the kinds of moments that "Bigs" and "Littles" experience through Big Brothers Big Sisters programs. Individuals and businesses sponsor the Magical Moments event and guests are given the opportunity to provide financial contributions in recognition of the students' efforts and to support important Big Brothers Big Sisters mentoring programs.
